

LASER SPEECHES TO HELP SPREAD THE WORD

During the year, ASTEF promoted excellence in education by funding scholarships, leadership training, and projects impacting Texas children.

Thank you for your contribution!

Members in all counties of Texas are interested in continuing this great start by investing more in a variety of projects to encourage students and educators across Texas. These projects will include:

- Support for Early-Career Educators (attrition rate is 3-5 years)
- Leadership development for women (the number of women as heads of households continues to increase)
- A more equitable education for Texas students (families struggle to give their children an affordable education)

You can help by making a tax deductible contribution to ASTEF.
Expect to hear about our projects in July!
