## Aspiring Educator Application Information

Here is the information you will need in order to complete a Stipend Application:

1. Does your chapter financially support ASTEF?      Yes      No  
Describe how:
2. Number of members in chapter:
3. Number of members who actively participate in meetings, projects, or events:
4. Number of members who are actively involved in the project:
5. Provide a detailed budget for the project by category/type of cost.  
Funds Requested from ASTEF (list by type/category).  
Anticipated Source of Funding and Description of Item(s).  
Need totals for both of these.
6. In the event that full funding is not awarded by ASTEF or donated/contributed by others, please describe how the project can be modified.

Attach a clear, concise narrative description of the project (limited to two pages).  
Include the following information in the order requested and **use the following headings**:

- **Project description and rationale**: Clearly describe your proposed project. Be sure to include your goal(s), anticipated outcome, and timeline of key activities. Include who, what, where, when and how the project will have a direct impact on educators and/or students.
- **Connection to the ASTEF mission and project beneficiaries**: Describe specifically how the project is connected to ASTEF's mission and **who** will benefit from the project. How will your proposed project directly impact activities that support professional and personal growth of women educators in Texas, AND/OR, how will your project directly impact educational excellence for Texas students? Include the name of the school, school district, organization, community, city/town, etc. If the project will serve **teachers/educators**, describe how men will be included in project services and activities. If your project focuses on students, please include the following: age, grade level, gender, population, and if economically disadvantaged. How does this project impact the students' educational career and goals?

- **Involvement in Project Implementation:** Describe specifically **how members will be actively involved** in the various activities of this project (if chapter, coordinating council, or area project). You are encouraged to develop activities that involve most or all of your members in some aspect of the project.
- **Anticipated Impact:** Describe the anticipated impact (include description of target population, anticipated number to be served, and data to be collected to evidence impact). Describe **how** the **success** of the project **will be determined/measured** and how you will know if it was successful. Measurement tools should yield concrete and specific data that indicates success of the project.
