

Because the cost of tuition is sizable, the \$2000, 9-Hour scholarship, I received from the Texas State Organization of Delta Kappa Gamma has relieved me of the stress of having to take out personal loans to achieve my Master's Degree in Instructional Leadership from Concordia University Texas. Knowing that I will complete my Master's without any sizable debt has afforded me the relief of not having to take time off to accumulate extra funds for tuition. Thank you so very much for awarding this scholarship to me.
